WORK EXPERIENCE (3+ Years)

ABOUT ME

I am a Unix/Linux (L1) administrator specializing in data center infrastructure for mid sized and large clients. I have extensive experience overseeing the development, implementation and management of information technology systems that improve accessibility. This experience has helped me develop a range of relevant skills, including an in-depth knowledge of Solaris & Windows operating systems as well as basic understanding of Linux, confident project leadership and familiarity with a range of enterprise applications. Being an effective IT Professional requires a mastery of such skills, and I am dedicated to applying them to the next position I hold.

Education

BE (Computer Science)

I.B.S.S. College of Engineering
Amravati University, Amravati, Maharashtra
