OBJECTIVE

A place where I can learn new good things, and get to explore and build new ideas. A place where I can brush up my knowledge every day.

EDUCATION

- **Vidyapeeth Highschool, KOLHAPUR**
SSC (2014)
- **Vidyapeeth Jr College, KOLHAPUR**
HSC (2016)
- **BHARATI VIDYAPEETH COLLEGE OF ENGINEERING, KOLHAPUR**
Bachelor of Engineering in Electronics and telecommunication
Aggregate- 72 %
2021 (SEPTEMBER)

SKILLS

- Vulnerability Assessment
- Web Application VAPT
- Android Application Testing
- Cyber Security Awareness Training

PROJECTS

- **District Level Science Exhibitions & Project Competitions- FM Listening Bug**
FM Listening Bug: The on thing every spy needs is a small and well concealed listening device.FM transmitter that can operate between 80 MHz and 150 MHz. Allowing you to tun it to an open frequency on an FM Radio and listen to what is going on in the room you leave that bug in.
- **HALL EFFECT SENSOR BASED ANTI-THEFT DEVICE FOR COMMERCIAL SHOP SAFETY**
 - In this security system the anti theft system detects intrusion and informs the shop owner using SMS or voice call.
 - In this we used BT app and GUI software.
