## About Me

I am working since 2010 in the field of website development with international organizations and individuals as freelance web-developer, with a track record of on-time and on-budget projects. Looking to work where I can bring immediate value and develop my skill-set further.

My objective is to become a successful professional in a highly competitive technological world where performance is rewarded with new challenging responsibilities and to serve a reputed growth oriented industry in the field of Design, Development and Maintenance.

## Work Experience

Worked in CyberEscort IT Services, as a Senior Project Manager from Aug'18 – Mar'19.

I have a work experience of 9+ years. My work has covered a variety of projects, including developing and building custom websites.

## Professional Skills

I've worked with a range of web technologies including PHP, CSS, MySQL, PostgreSQL, JavaScript, HTML5, CMS like WordPress, Joomla, AJAX, jQuery, MVC Frameworks like Laravel, CakePHP, CodeIgniter etc. I also have beginner experience of Flutter.

## Projects

### iGen Networks – <http://backoffice.igennetworks.in>
