### **Project #1:**

**Project Name:** Integrated Mission Accounting System(I-MAS)

**Role:** Tech. Lead

**Technologies:** Spring 4,Hibernate

**Back-End:** Oracle

### **Description:**

Ministry of External Affairs (MEA) is divided into separate divisions based on specialized functions like Policy Planning, Passport and Visa, Economic Division, Protocol, United Nations etc and finally Administration and Finance Divisions. Finance Division of Ministry of External Affairs (MEA) deals with the requirement of Indian Missions and Posts scattered worldwide. The finance division of Ministry of External Affairs (MEA) looks into the financial activities of Headquarters, individual missions, posts and passport offices. Enormous amount of data pertaining to finance and accounting are accumulated from headquarters, missions & posts and passport offices.

The purpose of the project is to develop a web based application which will cover all the accounting needs of the missions. With the help of the proposed application, now the mission/posts do not need to send data separately to the MEA headquarters as they will always be having the current data from the centralized sever.

### **Project #2:**
