## Projects Undertaken:

### 1) Human Resource Management System -

This was the centric project of TTN where we provide solutions to manage the whole human resource it comes into picture before joining TTN and support till last day of an Employee in organization. It includes some apps like –

- **Onboarding** – Where a person completes the onboarding formalities before joining TTN
- **NewersWorld** – It is major application which provides features for day to day activities like, attendance, leave, reporting, project allocation, desk allocation,
- **Growth** – This tool helps to track the growth of an employee during his tenure and courses/POC done by him along his project to enhance his performance
- **Reimbursement** – This tool was used by employees to submit monthly reimbursement bills like Leave Travel Allowance, Telephone and Internet, Training courses, etc.
- **Middleware** – This was the centric application as all inter-application communication was done from this application.

**Tech Stack** – Spring Boot, Groovy, MySQL, Mongo DB, JS, JQuery, Angular, AWS, etc.

**Roles & Responsibilities** – I primary focus was on making backend APIs and adding new features which were required and to maintain these applications to support latest features. Besides this I did basic hands on for UI as well which was based on Angular.

### 2) ProCart (E-commerce Solution) -

This was my individual project where in I managed to create an E-commerce App, where multiple customers and sellers can register themselves and their was an Admin who manages/activates when any new seller added or any products added by seller, customer can view/purchase/wish list any product item.

**URL** - <http://pro-cart.s3-website.ap-south-1.amazonaws.com/>

**Tech Stack** – Spring Boot, MySQL, Redis, Mongo DB, React, Bootstrap, AWS (S3, Elastic Beanstalk, RDS, EC2), RedisLabs(Redis cloud hosting), Clever Cloud(Mongo DB cloud hosting), Gradle, SonarQube.

## Recognitions –

- Featured in TTN's **monthly magazine** ("Newer Times") for 4 times consecutively for doing maximum learning courses in a month by any employee.
- Since I am passionate about bikes and group rides I manage a group which was started when I was 22 only wherein I organize rides for all bikers from Delhi/NCR. My Story got featured on **TTN Workspace** where an inspiring story of an employee is shared once a month.
