### **Experience Summary:**

A performance-driven Software Professional, with experience in conceptualizing, developing and implementing Windows and Web based Applications. My technological forte is **Microsoft Technologies**.

### **Profile Summary**

- 2 years of work experience in Software Industry with Excellent knowledge of Software development life cycle.
  - 4 years of work experience in Application Support and Database Support.
  - 2 year of experience in managing entire spectrum of functions related to Network Management, System Administration and Desktop Support.
  - Good experience of Programming and Application development in Microsoft Technologies.
  - Involved in all aspects of Software Development Life Cycle stages - Analysis, Design, and Development.
  - Strong Skills with ASP.Net, C# with other secondary skills like Web Api, SQL Server.
  - As part of a team, designed and developed a multi-tiered Application, Technologies utilized included: C#.Net, SQL Server.
- 

### **Professional Experience**

- 19<sup>th</sup> Aug 2019 to till date working with “**BlueSky Amida Pvt Ltd**” as a Software Engineer.
  - 25<sup>th</sup> May 2015 to 11<sup>th</sup> July 2019 working with “**Wipro Limited**” as a Project Engineer.
  - 1.5 Years experience as Associate – Network Management “**Wipro InfoTech**”, on contractual period from 28<sup>th</sup> Nov 2013 to 30<sup>th</sup> April 2015.
- 

### **Technical Skills**

<b>Programming Languages</b>	: C#.NET
<b>GUI Tools</b>	: Visual Studio Professional /2008/2010/2015, Visual Studio Code.
<b>Web Technologies</b>	: ASP.NET, ASP.NET WebApi, HTML, Basic Angular
<b>Reports Technology</b>	: Crystal Report 2008, SSRS
<b>Scripting Languages</b>	: JavaScript
<b>XML technologies</b>	: XML.
<b>Framework Technologies</b>	: Dot Net 2.0/3.0/ 3.5/4.0/4.5
<b>Database</b>	: SQL Server 2008/2012
<b>Operating Systems</b>	: Windows 10/7/XP, Ubuntu Linux
<b>Web servers</b>	: IIS 6.0/7.0/8.0

---

### **Education**

- **B.E (Computer Science & Engineering)** from ‘Dr. B.A.M.U, Aurangabad’ with 59.63%
- **H.S.C.** from ‘Maharashtra Board’ with 51.17%
- **S.S.C** from ‘Maharashtra Board’ with 49.73%

---

## **PROFESSIONAL EXPERIENCE**

**BlueSky Amida Pvt Ltd**

**SINCE 2 Year**

Working as a Software Engineer from 19 Aug 2019 on ASP.NET WEBAPI. C#.NET, SQL, HTML.

### **Project I**

Title QR based question portal

Role Software Developer

Environment ASP.NET  
WEPAI2,  
C#.NET, MS-SQL

SDK Visual Studio 2015

- QR based question portal developed to keep record of quiz app question, user answer, wining amount and user information.
- We have also implemented web api using asp.net core for customer mobile app.
- In this application we generate QR code for every quiz question and customer scan that QR code from product pack box to play the quiz and win amount.
- Using remote desktop deploy project on VPS.

### **Project II**

Title Online video based tutorial application

Role Software Developer

Environment ASP.NET  
WEPAI2,  
C#.NET, MS-SQL

SDK Visual Studio 2015

- Online video based Tutorial is web application to play video as per content of course after subscription.
- We have used third party video storage to upload the video's and call that video's using api.
- We have implemented payment gateway and sms api in this project.
- User pay online using payment gateway to subscribe any course.
- Using remote desktop deploy project on VPS.

### **Project III**

Title	Matrimony portal
Role	Software Developer
Environment	ASP.NET Core WEPAPI2, C#.NET, MS-SQL
SDK	Visual Studio 2019

- In this application we designed and developed mobile responsive web application for Matrimony.
- Integrated payment gateway for customer to pay online as per plan and view others profile as per user interest.
- In this application we have implemented chat utility where any user can chat with any other user.
- Using remote desktop deploy project on VPS.

### **Project IV**

Title	Career Point Online Service
Role	Software Developer
Environment	ASP.NET WEPAPI2, C#.NET, MS-SQL
SDK	Visual Studio 2015

- Career Point Online Service is a portal for Job seekers.
- In this we have build WebApi for mobile application.
- Integrated payment gateway for customer to pay online as per Job post and attempt exam online.
- In this application we have implemented objective online exam portal.
- Using remote desktop deploy project on VPS.

### **WIPRO Technologies**

**SINCE 3.9 Year**

#### **Project-I**

Title	CCTNS
Role	Application Support
Environment	SQL Server 2008, Windows 10

- There are web-based applications and windows applications software used for to maintain records and track the Registration records.
- Resolve the issues of client's applications and maintain the bug history using e-helpline tool.
- Support the client applications which are in Asp.net, C# and SQL 2008

- Create and Update the script for client side database to sync the data with main database.
- Involved in meeting with upper management and client's managers for requirement and application onboarding processes.
- Create and Update the SOP of application module wise for customer understanding.
- Analyze the general and functional requirement of the enhancement of existing application

## **Project-II**

Title	Munich Re
Role	Application Support
Environment	SQL Server 2008, Windows, Ubuntu Linux, MySql

- Support web-based applications and Desktop applications used for to maintain records and track the Registration records of User Insurance globally.
- Resolve the issues of applications and maintain the bug history using Service Now tool.
- Support the applications which database designed in SQL 2012 on server side.
- Create and Update the failed batches and run them using application.
- Involved in meeting with upper management and client's managers for requirement and improvement.
- Create and Update the SOP of application module wise for customer understanding.
- Analyze the general and functional requirement of the enhancement of existing application

## **WIPRO INFOTECH**

**SINCE 1.5 Year**

### **Associate – Network Management**

- Responsible to oversee & install computer requirements along with all related accessories, operating system installations and networking while ensuring smooth functioning of systems.
- Handling software and hardware upgrades, Implementing and maintaining procedures for backup and recovery of network servers and configuration files of other network devices.
- Monitoring functioning of equipment/ peripherals and make necessary modifications to ensure system operates in conformance with specifications.
- Rendering service as a desktop and laptop support; identifying technical issues and providing support to users remotely for accessing VPN, Wireless Network, and installation of software.
- Carrying out Removal of virus, Installation and troubleshooting of windows & MAC, Configuration of modem & router and Configuration of computer peripherals (Printers, scanner etc)
- Liaising with engineering staff to consult specifications for evaluating interface between hardware and software and operational and performance requirements of overall system.
- Coordinating all efforts to resolve installation problems subsequent to Software delivery, maintaining Toolset, process & procedures documentation, escalating Support, providing reports / matrices.

## **Project Undertaken**

Role	Desktop Support and Networking Engineer
------	---

Environment                      Switching                      &  
Routing,                      Linux  
Ubuntu, Windows

---

## **EDUCATIONAL CREDENTIALS**

### **B.E. (Computer Science & Engineering), 2011**

Aditya Engineering College

#### **Academic Project**

Project Name                      Blood cell Image Processing  
Team Size                      4  
Duration                      6 month  
Technology Used                      Advanced Java, Oracle

#### **Project Undertaken**

Project Name                      SGNY  
Team Size                      2  
Role                      Developer  
Environment                      C#.Net, SQL  
Report                      Crystal Reports 2008

Project Name                      GVMS  
Team Size                      3  
Role                      Developer  
Environment                      ASp.Net, C#, SQL  
Report                      RDLC
