

NAME: LIKHITHA K

SELENIUM TEST AUTOMATION DEVELOPER

Contact: +91 9740546215

E-mail: likhithaklilly24@gmail.com

CAREER OBJECTIVE

To work in a stimulating environment where I can apply and enhance my knowledge skill to serve the firm to the best of my effort.

EDUCATIONAL DETAILS

<u>Sl. No.</u>	<u>Courses</u>	<u>Institution</u>	<u>University</u>	<u>Year of Passing</u>	<u>Marks Obtained (%) OR CGPA</u>
1.	BE	Jnana Vikas institute of technology y, Bidadi.	VTU	2020	7.01 - CGPA
2.	PUC	Rural PU college	Karnataka a PU Board	2016	77.33%
3.	SSLC	St. Thomas English School	Karnataka State Board	2014	81.12%

AUTOMATION SKILLS

- Knowledge on Basic Java constructs like loops and data type
- Having good knowledge in OOPS concepts (Data Abstraction, Encapsulation, Inheritance, Polymorphism)
- Good understanding of String Handling
- Basic in developing hybrid framework
- Basic in developing page object model framework
- Reading excel data using POI API
- Integrating TestNG and using different annotations like @ Test, @Data Provider, @Before etc
- Generating and analysing HTML based reports
- Downloading dependencies using Maven pom.xml file
- Developing properties file to store locators as key value pair
- Identifying regression test cases and converting it to automation test cases
- Performing cross browser testing in selenium
- capturing images on failures
- handling multiple windows in selenium
- Automating mouse movements
- developing scripts to handle alert boxes
- identifying different fields of the web page using different locators
- Attending daily stand up meetings
- Giving KT to new joiners
- Attending triage calls
- Developing .bat files
- Reporting defects in defect tracking tool

Training:

- Completed Software Testing Course in **Pankaj Sir Academy**, Bangalore.

Project Details:

project Name: Trax 13.7

Team Size: 7

Technology & Tools used: Eclipse, Selenium, TestNG, POI API, Maven etc

Duration: 1.5 years

Description:

This software has all strategies, techniques, tools, and technologies used by enterprises for developing, retaining and acquiring customers. This software ensures that every step of the interaction with consumers goes smoothly and efficiently in order to increase the overall profits. The software gathers customer data from multiple channels etc.

Roles & Responsibilities

- Understanding requirement document
- Developing hybrid framework - Keyword driven and data driven
- Identifying regression manual test cases and preparing automation excels files with automation test steps and test data
- Developing framework structure
- creating excel reading code and storing of that in Array List
- Developing keywords file with the logic to automate application fields
- developing properties file to store locators in it
- Performing testing using TestNG
- Downloading project dependencies using maven
- Analysing Test Automation report and reporting the defect in defect tracking tool
- performing testing on different browsers like Firefox, chrome etc
- Running test in batch using .bat files
- Attending Scrum Meetings
- Giving KT to new joiners

PERSONAL PROFILE

Name	: LIKHITHA K
Father's Name	: Krishne Gowda
Mother's Name	: Vasantha T J
Date of Birth	: 24-08-1998
Gender	: Female
Nationality	: Hindu
Languages Known	: Kannada, English
Permanent address	: Brundavana Nagar, pipe line road Kanakapura tq, Ramanagara District

DECLARATION

I hereby declare that the above-mentioned information is correct up to my knowledge and I bear the responsibility for the correctness of the above-mentioned particulars.

Place: Bangalore
