

## Mohammad Shahrukh

*Project Engineer*

Phone: +91 8447070782

Email: [mohdshahrukh840@gmail.com](mailto:mohdshahrukh840@gmail.com)

Address: 598, Gali Jutey Wali, Choori Walan, Jama Masjid, Delhi-110006

Forward thinking development professional bringing expertise in java, SQL, HTML, CSS, JavaScript, jQuery and other programming languages.

### EDUCATION

Bachelor of Technology in Information Technology > Ch. Braham Prakash Government Engineering College, GGSIP University | 73.2 June '14 to June '18

### PROFESSIONAL ENHANCEMENTS

#### Certifications

- Core Java (WIPRO PRP Training Certification)
- Web Component Development with Servlets and JSPs java EE 6
- Android Development (HPE)

#### Awards

- I have received the Inspiring Performance recognition for working hard in the current project.
- I have also received the Victory League recognition for delivering multiple production rollouts.

#### Location Preferences

- National Capital Region

### EXPERIENCE / INTERNSHIP

Software Developer > Vanisb Technology

March 18 to Feb 19

- Working with Java technologies like Swing,Servlet,JSP
- Email Integration in responsive website
- OTP Integration in responsive website
- Payment Gateway Integration using Pay U Money API

Project Engineer > WIPRO Limited

Mar 2019 - Aug'21

- I am presently working as a Full Stack Java Developer at client's location.
- As a developer, I am responsible for development, support, maintenance and implementation of small to large components of a project module.
- Getting hands on to the client's work culture and Proflow/ Savvion Applications.
- Presently I am working in all the phases of the development life cycle.

### PROJECTS

**ParToZip Utility****July'19 to Aug'19**

- I had created a Par to Zip application which uploaded par file and converted into zip file and check duplicate absolute paths using java backed logic.
- Technology used are HTML, CSS, JavaScript, jQuery, Bootstrap, java, sql.
- The JSP had all the mandatory validations.
- Database used was Oracle 11g and the database calls are made from the QSP in the form of the DWR (Direct Web Remoting) following the service class pattern and the back end language used was java.
- IDE used was Savvion BPM Studio.
- The application is presently running in the Dev environment.

**Server Clean Up Utility****Aug'19 to Oct'19**

- Another project that I have worked on was of adding new enhancements in Server Clean up Utility application where all Validation in a JSP will be automated, by specified rule sets.
- Previously work was done manually. fixed a code in Server Clean Utility Application, where user can handle save specified file extensions and rest all
- files will be deleted from folder and sub folders in development server. Demo is successfully accepted by client
- Technology used are HTML, CSS, JavaScript, jQuery, Bootstrap, java, sql.
- The JSP had all the mandatory validations.
- Database used was Oracle 11g and the database calls are made from the QSP in the form of the DWR (Direct Web Remoting) following the service class pattern and the back end language used was java.
- IDE used was Savvion BPM Studio.
- The application is presently running in the QA environment.

**Grants Script Recreation****Oct'19 to Dec'19**

- Another project was to make a PWDR to add the new case in the case tracker with the required user actions and work steps for MIS\_CT of the client with the help of the DB Scripts.
- We perform programmatically grant script using this application, which provided a grants privileges in one go, before it done manually. Client recognize my efforts as per project review
- This project is also running in the production environment.
- Technology used are HTML, CSS, JavaScript, jQuery, Bootstrap, java, sql.
- The JSP had all the mandatory validations.
- Database used was Oracle 11g and the database calls are made from the QSP in the form of the DWR (Direct Web Remoting) following the service class pattern and the back end language used was java.
- IDE used was Savvion BPM Studio.
- The application is presently running in the Prod environment

**EDI PEMS Enrollment****Jan'20 to Feb'20**

- This is the already configured bizlogic application.
- My task was to make it user friendly and responsive.

- I had used JavaScript, jQuery and Bootstrap for making it responsive for the user actions.
- This is presently under QA.

### **Integrated Financial Management System (IFMS) :Government of Gujrat**

**Feb'20 to Aug'21**

- This project earlier done by TCS called as IFMS (1.0) .
- Now wipro has an opportunity to build IFMS(2.0).
- My task is to build effective and efficient API's using Spring and Spring boot concepts.
- At DB side we use JPA.
- I build API's using service class pattern
- I build API's like to SAVE,UPDATE,DELETE,MODIFY data using JAVA API's

### **Software Consultant > Knoldus Incorporation**

**Aug'21 to Present**

#### **DataFlow Template:**

- This project based on Apache beam pipeline and Apache kafka
- My task is to create transformation as per business logic.
- Apply required validation on incoming record.
- Saving into the Big query (Google Cloud Platform).

#### **CPP Pipeline:**

- This project based on Apache beam pipeline and Apache kafka
- My task is to create transformation as per business logic.
- Apply required validation on incoming record.
- Saving into the Big query (Google Cloud Platform).

#### **SKILLS (TECHNOLOGY / FUNCTIONAL)**

Core java | HTML | CSS | JavaScript | Bootstrap | jQuery | SQL | Spring MVC | JPA | Apache Kafka |  
Apache Beam | GCP

#### **EXTRA-CURRICULAR**

**PositionsofResponsibility:**Beingadeveloper,Iamresponsible fordevelopment, support, maintenanceand implementation ofacomplex project module. I should follow standard software development principles, I should able to work independent team member, quite capable of applyingplan andideaswhich makes my mask perfectlyexecute. Ihave in depth knowledge ofthose programming languages which makes me capable to respond technical queries of team members

#### **Participations / Sports:**

- Skating
- Badminton
- Horse Riding
- Swimming

#### **Interests**

- Travel.
- Meeting new people.

#### **Languages**

- Hindi

- English
- Urdu
