CAREER OBJECTIVE

Seeking a position that helps me increase my skill set with experience in Web Development. Freelancing since 2018, I have worked with 8 companies as their Web Developer. I have led the IT Team of a young startup to build a complex web application, showcasing my skills in time management, leadership, communication, project management, and teamwork. I possess the skills of Website Designing, creating responsive Web Applications, integrating Payment Gateways, accomplishing a Login Portal & dynamicity in the website.
