EXPERIENCE

Scan To Learn Technologies Pvt Ltd.
Software Test Engineer

AUGUST 2020 To PRESENT

PROJECTS

Learning Management System: This module introduces a new product type, namely Course Product. It leverages the admin to create multiple trending online courses. For these courses, the admin can create multiple content sections and add new content, such as videos or pdf files under Content and Assignment, respectively. The main focus is to provide customers with a common arena where they can look for trending online courses and benefit from the same.

B2B Customer Approval : The extension restricts the customer to register and create an

account on the . Now, the store admin can decide and verify the customer registration, then approve or reject the request to create an account.

Buyer Seller Communication : Buyer Seller Communication module is very useful module for Multi Vendor, by which buyer can communicate with seller regarding their query about particular product and seller can respond for the same.

Price Drop Alert : Price Drop Alert for extension allows the customers to receive email alerts whenever a product is available at a lower price. Any customer can subscribe or unsubscribe for receiving price drop alert for any product. A customer just needs to enter their email address and click subscribe button..
