### CAREER OBJECTIVE

I have been working as a web designer for the past 6+ years and currently working as a Sr. Front End Developer. I had to design beautiful interfaces for mobile and web applications, pixel-perfect designs and well thought out websites and i love to play with HTML5, CSS3, Magento theme Integration, React . Design is my driving passion, everything in my life is affected by it, Understanding how great design works and applying that to my work giving extra creative flair to my designs.
