SKILLS

PROGRAMMING

- C# • DOT Net
 - HTML • CSS
 - Javascript • Angular
 - MySQL
- Familiar:
- Spring • Hibernate

EXPERIENCE

SIEMENS SOFTWARE INDIA PVT LTD | ASSOCIATE CONSULTANT

Oct 2018 - Present

HEALTHINEERS TEST AUTOMATION Aug 19 - present

- This is a German project. We use Ranorex Automation Tool to develop scripts in C#.
- Delivered optimized scripts on time so that they don't fail in future.
- Implemented feature of Ranorex agent which reduced time for execution by max 1/nth duration on n machines.
- Developed a functionality which reduced manual efforts of re-execution of scripts in nightly execution.
- Formalized POC's for using Ranorex for different projects and trained freshers on Ranorex and C#.
- Programmed reporting feature (video recording) which can be used as a record for future purpose.
- C#, Ranorex, Jenkins, Kanban, SVN, Git.

NX AUTOMATION STUDIO 3 months

- NX is used for design and has features to help your product to market faster
- Developed journals for various functionality used in NX.
- Formulated documentation for NX for other engineers to use.
- C#, Visual Studio.

QPMR TOOL REPORTING 5 months

- QPMR is a reporting tool where different employees fill in their project details such as time required to deliver tasks in that sprint. On a quarterly basis project reports get generated and sent to respective project managers, so they know the risk factors of it.
- Developed UI where employees fill all tasks related to project and send auto generated mail to managers regarding computed consolidated reports.
- Modified SharePoint site for Siemens for different projects.
- .NET, C#, HTML, CSS, Javascript, Visual Studio.

AWC (ACTIVE WORKSPACE) 3 months

- AWC is a Product Lifecycle Management tool that helps the team to create specifications, analysis reports, 2D/3D illustrations, spreadsheet, test results etc.
- Created items and sent them to authors and reviewers.
- Create a custom visual indicator if the reviewer accepts a task from the author.
- AngularJS, HTML, CSS, Visual Studio Code.
