## OBJECTIVE

To obtain a job within my chosen field that will challenge me and allow me to use my education, skills and past experiences in a way that is mutually beneficial to both myself and my employer and allow for future growth and advancement.

## EXPERIENCE SUMMARY

- Around 3.6+ years of experience with rich insightful exposure in the areas of User Interface, User Experience, and Front-End Development.
- Excellent interpersonal skills with a positive approach, a keen communicator with strong analytical and logical abilities.
- Web and Mobile App UI Design for iPad, iPhone, Android, and Tablets.
- A self-motivated team player, hardworking with good communication and problem-solving and time management skills.
- Ability to work under Pressure situations and meet deadlines.
- I will also convert my UI Design into pixel perfect Responsive HTML5/CSS3. I'm known as PSD2HTML Developer.
- I would like to work together with software or web design firms, communicating application design principles and strategies for ongoing development.
