PROJECTS

Teacher App Play Store
Teacher app for coaching institutes, Go live, Create Courses and sell online, Upload Notes, Upload Recorded videos, Create tests, Take attendance, Fees management, Solve doubts of students online, and many more features....

Communify – Resident   Play Store

Helps track visitors, in-house services, daily workforce and manage their attendance and payments.

Communify – Admin   Play Store

Admin can publish notices, newsletters and send invitations for upcoming events through noticeboard features.

Amenities tab allows the admin to add new amenities, fix their timings and corresponding charges along with the usage guidelines.

Communify –Security   Play Store

Smart and easy to use features provide smooth and hassle free security management.

Two pronged security features either through QR code or OTP with an unique id makes visitor verification more reliable and time efficient. Parking can be managed virtually to reduce the traffic congestion and avoid unauthorised vehicles. Handy information about the residents, visitors and vendors makes the security impenetrable. This feature provides the security a hawk eye view and brings all the activities under their ambit.
