Sagar Kumbhar

sagarkumbhar192@gmail.com   **7498900070/9503827917**

SUMMARY OF QUALIFICATIONS

❖ Having 5.10 **years** of experience in **.NET MVC4.** Having good knowledge of **JavaScript**, J**Query ,
Ajax, HTML .**
   MS SQL Server, store procedures, Joins, Database Tuning, Query Optimizations.
❖ Having good exposure to **quality activities in Software Development Life Cycle**, especially in
the areas of **requirements specification.**
❖ Strong in **data manipulation, analysis, problem solving.**

TECHNICAL SKILLS

Web Technologies	: **C#.net MVC4,** HTML, JQuery **,** JavaScript, Ajax
Tools & Utilities	: Visual Studio 2008/2010/2012/2013/2015
Databases	: **SQL server**, **My SQL,** Microsoft Access
Languages	: **C# ,**C, C++

PROFESSIONAL EXPERIENCE

❖ **Manorama Info Solutions Pvt. Ltd.** as Software Developer from August 2016 to Till Date.
❖ **Opendev Technologies Pvt. Ltd.**as Software Developer from Sept 2014 to December 2015.

PROJECT DETAILS

BLISS GVS Healthcare Kenya Healthcare Web Application of Hospital Management System.

BDC Nigeria (Bayelsa Diagnostics Center)- Healthcare Web Application of Hospital Management
System.

MCGM -Healthcare Web Application of Hospital Management System (Municipal Corporation Greater
Mumbai)

KCGM - Healthcare Web Application of Hospital Management System (Kalpana Chawla Government
Medical College)

1)Module: Inventory Pharmacy: MCGM is 3 tier architecture web application and Inventory
Pharmacy module used to managing hospital inventory pharmacy stock management data. Managing
opening stock, Item Requisition, Issue Stock Transfer, Sale Bill Details, Tender Details, Purchase Order
Details, Patient wise requisition, Sale bill etc.
Technologies: Asp. Net, Ajax, SQL Server 2012, JavaScript
Team Size: 4
Role: Analysis, Coding, Unit Testing, Maintenance, Code Review, Query Optimization, performance
tuning, Live issue fixing etc.

2) Module: Asset Management Web Application (Biomedical)
It is used for managing Hospital Asset, Store the Asset Information, manage AMC , Inward outward
,Machine Service Details, Managing preventive maintenance call etc.
Technologies: Asp. Net, Ajax, SQL Server 2012, JavaScript
Team Size: 3
Role: Analysis, Coding, Unit Testing, Maintenance, Code Review, Query Optimization, performance
tuning, Live issue fixing etc.

3)TMS -Task Management System
It is web application for mechanical company where maintain the billability of particular project. TMS done regularly task management and the hours of the every activity. Progress creates the activity of calendar in week wise.
Technologies: Asp.net MVC4 MySQL, JavaScript
Team Size: 5
Role: Analysis, Coding, Unit Testing, Maintenance.

4)SDMS -Student Data Management System
It is web application used in schools and colleges to maintain the student's record of academic year. SDMS deals with all kind of student details like standards, Division, faculty, exam, and academic related information, attendance, completed years, semesters, and assignment details.
Technologies: Asp.netMVC4 MySQL, JavaScript
Team Size: 5
Role: Analysis, Coding, Unit Testing, Maintenance.

OTHER STRENGTHS
- ❖ Good Knowledge of the complete System Development Life Cycle and implementation.
- ❖ Strong in technology as well as in process documentation.
- ❖ Exposure to quality management activities in software development life cycle.
- ❖ Ability to learn new technologies and processes rapidly and implement them in the project.
- ❖ Good listener, team player who can work independently as well.

EDUCATION

Year of Passing	Degree / Course	Class / Grade	Institution / Board
2011-14	MCA	59.98%	Sinhgad Institutes of computer sciences.(Solapur University)
2008-11	BCA	63.57 %	VijaysinhYadav College Peth-Vadgaon(Tilak Maharashtra University)
2007-08	HSC	57.67 %	VijaysinhYadav College PethVadgaon (Kolhapur Board)
2005-06	SSC	52.53 %	P. L. Chougule High School, Khochi.(Kolhapur Board)

I hereby solemnly declare that information given above is true, accurate and correct to the best of my knowledge.
