# PROJECTS

**Scan To Learn Technologies Pvt. Ltd.**

NOVEMBER 2020 - Present

- **Price Drop Alert :** Price Drop Alert for Magento 2 extension allows the customers to receive email alerts whenever a product is available at a lower price. Any customer can subscribe or unsubscribe for receiving price drop alert for any product. A customer just need to enter their email address and click subscribe button.
- **Marketplace Buyer Seller Communication:** Magento Marketplace Buyer Seller Communication module is very useful module for Magento Marketplace Multi Vendor, by which buyer can communicate with seller regarding their query about particular product and seller can respond for the same.

- **Abandoned Cart Email Reminder:** With the help of this extension, the store owner can send emails to customers who have failed to complete the checkout process. Whenever a customer adds a product in the cart and leaves the shopping website due to any reason, it becomes difficult to track these customers. But, using Magento 2 Abandoned Cart Email Reminder module, the admin can see the list of all the abandoned cart customers and send them follow-up emails for completing the checkout process.
- **Custom Product Labels:** The store owners can create customized labels/stickers for their product listings. Product labels are a great way to attract visitors' attention toward the products and convert them into customers. Custom Product Labels for Magento 2 module can be used for showing badges for Featured Items, Popular, New, Out of Stock, Deals, and much more.
