Nidhi Singh

E-Mail   : rajputnidhi63@gmail.com
Address: Flat No-562,Sai Nath Apartment,Sector-28 Rohini ,Delhi
Mobile : +91-9369850085
Date of Birth : June 26, 1995

PROFESSIONAL SUMMARY

- Working as Application developer at Fujitsu Consulting from Apr 2019 to till date.
- 2 years of experience in full project life cycle of various client/server applications using ODI, ETL,SQL, Pl/SQL, Data Science and various python libraries like numpy, pandas, matplotlib, scipy, scikit Learn and machine learning.
- Experience of Machine Learning Models like Linear Regression, Logistic Regression, Decision Tree , Random forest.
- Used Jupyter Lab to analyses dataset in project.
- Having a good exposer of ODI, ETL, SQL, PL/SQL and Microsoft SQL Server to integrated the data in Oracle Database.
- Good knowledge of SDLC with specialization in requirement gathering, designing, development, testing and maintenance of applications.
- Good communication skills, interpersonal skills, self-motivated, quick learner and team player.

ACADEMIC CREDENTIALS

2021   Master of Computer Applications from Indira Gandhi National Open University.
2017   Graduated in Bachelor of Computer Application from Indira Gandhi National Open University.
2012   S.K.V School, CBSE Board (12th).
2010   S.K.V School, CBSE Board (10th).

PROJECT PROFILE:

Title	Whitbread(Costa Coffee)
Technical Skills	Python, Numpy, Pandas, scikit Learn, Machine Learning, apyori
Description	Costa Coffee is a coffeehouse chain which is a subsidiary of American company The Coca-Cola Company. Costa Coffee was founded in London in 1971 by the Costa family as a wholesale operation supplying roasted coffee to caterers and specialist Italian coffee shops.
Responsibilities	- Predicted the unit sales for thousands of items sold at different stores - Import and clean data using pandas library - Explore and visualize data using Matplotlib - Used the training dataset to predict location of new stores. - Used machine learning model to please customers by having just enough of the right products at the right time

Title	SSE Airtricity
Technical Skills	Python, Pandas, Numpy, Matplotlib, ODI,ETL, SQL, PL/SQL
Description	SSE Airtricity is Ireland's second largest and fastest growing energy provider, supplying over 800,000 domestic and commercial gas, electricity and home energy services customer in the Republic and Northern Ireland. At SSE Airtricity believe in making energy better around 40% of electricity SSE Airtricity supplies to its customer.
Responsibilities	- Developed packages, mapping and procedure based on the client needs. - Involving myself for developing the design documents, functional documents and testing document.

	- Developed and deployed various module of the project and always took feedback from client and my senior colleagues. - I am expert in troubleshooting the technical issue and interacting with the client to clarify the queries. - Have integrated the data from file to database or database to file. - Having a good exposer of ODI, ETL, SQL, PL/SQL and Microsoft SQL Server to integrated the data in Oracle Database. - Worked on Jupyter Lab to analyse the customer Data. - Import and clean data using pandas library - Explore and visualize data of missing records using Matplotlib and python - Also received the client award and appreciation emails for the project.

SKILLS

Languages	Python, C#, SQL , PL/SQL
Databases	Oracle, SQL Server
Development	SQL Developer, Python, Pandas, Numpy, Scipy, Matplotlib, Jupyter Notebook, Jupyter Lab, Machine Learning, Scikit Learn, Seaborn, Apyori, ODI, ETL
Version Control	SVN, Git

ACHIEVEMENTS

- Big-Thank You Award from company.
- Awarded by Client Bronze Award.
- Completed DataScience Course From Redical.

DECLARATION:

I hereby solemnly declare that all the above stated information is true and correct to my knowledge.

 (Nidhi Singh)
